Louis Cadesky

Wilbur Donaldson, Manager.

One of our greatest pleasures at Louada has been showing the herd to cattlemen from far and near. By holding an annual sale, we hope it will provide that extra incentive for you to visit us.

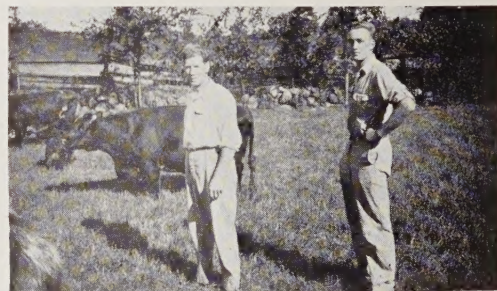

No matter how far you have to travel, we are certain you will be pleased with the sale offering. You will see for yourself the prepotence of the bloodlines at Louada, and we are confident that this sale offering will work breed improvement for the new owners. The cow herd will be close by and dams of sale animals will be numbered for easy identification.

A buffet will be served at the lodge on Sunday evening to which you are all cordially invited. It will be a good opportunity to visit with old friends and meet new ones.

## LOUIS CADESKY

Reggie Luke, farm foreman.

Phil Payne and Charlie Smith, herdsmen.

Katherine Merry and her grand champion steer over all breeds at the 1954 Royal Winter Fair, Canada's greatest livestock show. This calf was bred at Louada and sired by Calrossie Armada. The judge, J. Charles Yule, Calgary, Alberta is shown at left. Another son of Calrossie Armada was champion Shorthorn of the junior division at the 1955 Illinois State Fair.

The cows pictured are Uppermill Rothes Queen and Ballechin Patricia 2nd.

### FREE DELIVERY TO TORONTO AND CHICAGO

All of the pictures of the sale animals are unretouched. They were taken in July.

Louada's first prize three bull group at the 1954 International.  
All sired by Calrossie Armada.

Calrossie Paramount, \$25,500 1955 Perth Supreme champion bull. He is a full brother to Calrossie Armada.

If one were selecting the best five sires of the Shorthorn breed the world over, Calrossie Armada, certainly would have to be on the list. You would also include the two top bulls in his pedigree, Calrossie Welcome and Kirkton Baronet.

Calrossie Armada was the second top selling bull at Perth, 1952, at \$24,000. His full brother, Calrossie Defiance sold for \$12,000 in the 1954 Perth sale to Naemoor. His full brother, Calrossie Paramount, was the supreme champion of the 1955 Perth show and sale and sold for \$25,500 to Greenwich Farms, New South Wales, Australia.

1954 was the first year we were able to exhibit the Calrossie Armadas in any numbers. At the International in Chicago they won the first prize get-of-sire, the second prize junior get-of-sire, the first prize three bull group, and two firsts in individual bull classes. They made a similar splendid showing at the Royal Winter Fair in Toronto. That show was climaxed by Katherine Merry, Milton, Ontario, exhibiting a son of Calrossie Armada as the grand champion steer over all breeds.

To date, seven sons have been sold. They were selected by some of the most highly respected judges of the breed. In this sale we offer twelve. No Armada sons have been sold privately since last year's International. All private treaty offers for them have been refused so we could offer the best possible selection in this sale.

We are currently retaining three sons for herd use, Louada Forager, Louada Factor and Louada Sensation. Several of his sons in the sale have been used. The most important feature of Calrossie Armada is the prepotence of his blood. The uniformity is amazing. It appears the sons will breed as truly as their sire. We have calves by several different sons and we defy anyone to tell them from the calves by Armada.

To date, we have sold only one daughter. She was the top selling female of the 1954 Sale of Stars, selling at \$2200 to John Alexander & Sons, Aurora, Illinois.

Twelve sons, fifteen daughters of Calrossie Armada will be sold in this sale.

## Here<sup>m</sup> are the statements by ALL those who own Sons of CALROSSIE ARMADA

**Louada Fearless**

First prize summer yearling bull at the International.  
Second prize summer yearling bull at the Royal Winter Fair.

Sire: Calrossie Armada. Dam: Drynie Augusta 56th.  
Now owned by The Hickories, Pardeeville, Wisconsin.

"Since we purchased him at the International, Louada Fearless has thickened wonderfully well. He has the most bone and substance of any bull that has ever been in service at our farm."

Don James, Manager  
The Hickories  
Pardeeville, Wisconsin

**Louada Consort**

Sire, Calrossie Armada. Dam, Nae-  
moor Waterloo Bertha.  
Now owned by W. C. Anderson &  
Son, West Liberty, Iowa.

"After seeing the sons and daughters of Calrossie Armada at Louada Manor Farms I made up my mind that if at all possible I should have one to use on daughters of N-Bar Prince. While we have only two calves from this cross at the present time, both calves are of the kind that will find their way into the show barn. Both have great character, type and soundness.

"Another thing that impressed me was the quality of the cow herd. Seldom does a person see as much evidence of the right kind of management as you do there. There females not only look right but are bred as good females should be. Most any bull sold would be out of a female capable of producing a herd bull. Daughters of Calrossie would be a credit to any herd for herd foundation.

"Certainly a trip to Louada Manor Farms would be justified regardless of distance."

W. N. "Billy" Anderson  
West Liberty, Iowa

**Louada Factor**

First prize senior bull calf at the International.  
 First prize senior bull calf at the Royal Winter Fair.  
 Sire: Calrossie Armada.  
 Dam: Strathore Collynie Violet.  
 Purchased by Sutherland Farms, Prospect, Ky.  
 Repurchased by Louada in July.

"At the International I was tremendously impressed by the uniformity, grand heads, and strong bone of the Armadas. Both Mr. Brown and myself were very anxious to obtain a son. After arrival at our farm Louada Factor developed wonderfully in every respect.

"Since our plans have been changed and the herd will be dispersed, we will no longer have the benefit of this breeding. However, we mated him to as many females as were available. He had a good breeding record. We felt our judgement in him had been vindicated when Louis Cadesky and Wilbur Donaldson flew to Louisville to buy him back at the original purchase price upon learning of our plans to disperse. We were sorry to see this bull leave the farm."

Dan Cox, Manager  
 Sutherland Farms  
 Prospect, Kentucky

**Louada Gladiator**

Second prize junior calf at the Royal Winter Fair.  
 Sixth prize junior bull calf at the International.  
 Sire: Calrossie Armada.  
 Dam: Naemoor Waterloo Bertha.  
 Full brother to Billy Anderson's Louada Consort.  
 Now owned by Oklahoma A and M.

"We are indeed proud of Louada Gladiator, now heading the Shorthorn herd here at the college. He was a junior calf at Chicago last year and was not put into service, because of his age, until after April 1.

"The bull has lots of friends in Oklahoma. He has plenty of size, substance, correct set of feet and legs, and is a beef bull from every angle. We have over half of the cows in the herd now settled to him, and are looking down the road to the day when we will be able to determine the Louada influence in the herd at Oklahoma A and M."

Glenn Bratcher  
 Head  
 Animal Husbandry Department  
 Oklahoma A and M College  
 Stillwater, Oklahoma

**Louada Footstep**

Sixth prize senior bull calf at the Royal Winter Fair.  
Eighth prize senior bull calf at the International.  
Sire: Calrossie Armada. Dam: Louada Lancaster 2nd.

Now owned by Leroy Bruninga, Elmwood, Ill.

"We selected Louada Footstep for his strong breed character, short legs, bone and deep full quarters. He has done well in the months since the International. It won't be long until his first calves are here and we have a lot of confidence in what they will be."

Le Roy Bruninga  
Elmwood, Illinois

**Louada Foreman**

Sire: Calrossie Armada.  
Dam: Louada Clipper D 4th.

Now owned by Roslyn Flett, Oakwood, Ontario.

"Louada Foreman matured into a deep bodied, good headed bull with full rear quarters and plenty of bone.

The best recommendation are his calves. We suggest that anyone who is considering the use of a Calrossie Armada bull visit our farm, which is about 20 miles from Louada. We now have six calves, the oldest about four months. They are the best we have ever had. They look exactly like the calves by Armada . . . good heads, lots of bone, smooth, thick, with great quarters and very deep bodied."

Roslyn Flett  
Oakwood, Ontario

"We feel fortunate in securing Louada Formation by Calrossie Armada to cross on our Banker and Promoter females. He has a great head and well rounded rear quarters. He stands on as good a set of legs as will be found anywhere. We feel he will work great improvement here at Twin Valley. We eagerly await his first calves.

C. E. Stewart  
Rose Hill, Iowa

"We now have three calves by our son of Calrossie Armada, Louada Monarch. They are as alike as peas in a pod . . . great heads, deep, and smooth. We understand Louada has three calves by Monarch and that they are the same kind.

"Monarch himself has done well. He has a great head and is covered with flesh from end to end."

Clifford McLean  
Kerrwood, Ontario

The Armadas began arriving in the spring of 1953. The seven sons sold privately are here described. Add the three we are keeping for herd duty, the two that were champion steers, the twelve in the sale, and the little calves in the field with their dams and you have the **complete** story. He simply does not sire the kind that have to be hidden or disposed of in any other way

Second prize junior get-of-sire, 1954 International.

"Gallant arrived here in good shape and I want to thank you for the care you took in shipping him. After he had been here 120 days, he had gained 360 pounds. He is breeding well

"We have shown him five times since he arrived and he has been the grand champion every time. In two cases this was all breed competition. He was champion at the North Maine Fair over all breeds. There were 314 head of cattle there

"Thanks a lot for helping us pick out a good bull."

One of three sons of Calrossie Armada we are keeping for herd bull insurance. You will see a number of outstanding calves by him in the fields . . . and several of these sell with their mothers in the sale. We think you'll agree he's quite a sire! As a calf he had pneumonia for an extended period. Even the vets gave up on him. This affected his development, but the calves are what we are interested in.

I have never had the opportunity of visiting the great herds of Scotland, but many who make frequent visits have told me if the Louada herd were in the old country it would be right at the top. There are few bulls, anywhere in the world, breeding as well as Calrossie Armada. The combination of the right herd and the herd bull makes the Louada story even more perfect.

The view has been expressed that if the twelve sons of Calrossie were sold at Perth next February they would bring as many guineas there as they will dollars in October at Louada.

These are strong statements. The cattle will back them up.

The Louada herd was not put together through indiscriminate buying. Each foundation female was selected as a superior individual in her own right. The sale cattle are handled in a manner that provides the best assurance of continued success for new owners. "Wib" Donaldson believes in raising them outside. The sale bulls get extra milk at the proper age, but because corn is not abundant in this area, it is not in the Louada ration. It is largely a beet pulp, barley, oats type ration.

The folks at Louada have a very healthy attitude towards this sale. Their biggest hope is for a good crowd. If you've seen the Louada herd, I am sure you will make every effort to come to the sale. If you have never been to Louada, I hope the sale will provide the incentive.

Louada Commander—A great calf with a pedigree to match. Roth's Carlotta's first calf was Kirkton Hercules sold at Perth for 5000 gns. and is chief stock bull at the Bapton herd. Her second calf sold at five months of age for 1500 gns., going to South America. Carlotta is really a great cow; her dam was bought by Duncan Stewart of Millhills and is still producing. A young bull calf out of the dam was sold in the Kirkton dispersal for 2000 gns. to J. Scofield. Roth's Carlotta dropped an outstanding bull calf on August 23, otherwise we would not be selling Louada Commander. (Dam, horn brand No. 122.)

All other cows and heifers sold as a single lot are guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale, shall be promptly reported.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, or the purchase price will be refunded at the seller's option, but the seller may, if he desires, have the animal returned for retrial after a period not to exceed six months. The expense of return freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. Salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller.

We hope you can attend the sale, if you cannot and still wish to buy, here is an example of the way orders by mail are handled:

"I purchased Uppermill Avery by letter and picture only. With the facts, I gave Mr. Donaldson, I could not have made a better choice. The calves by him, are here and are great! We are thrilled with them."
